

Description

Turn your loader into a tree harvesting unit with this rugged, dependable, simple to operate and easy to manoeuvre attachment. A tree can be dug, transplanted or packaged without the operator leaving the cab. Overlapping blades ensure clean root cutting and support of the root ball. Note: Convertible Tree Transplanters can be equipped with either a pendant style (rocker switch) control panel or a 7-pin ACD control kit. Tree Transplanters with pendant control can be installed on all loaders series; tree spades with 7-pin ACD control must be installed on G-Series and newer loaders. Must order a pendant control kit or 7-pin ACD conversion kit for tree spade with convertible control.

Dimensions

Description	Item number	Overall length (A) (mm)	Overall width (B) (mm)	Overall height (C) (mm)
Tree Transplanter Convertible 81 cm Cone	7149485	2116.0	2332.0	1631.0
Tree Transplanter Convertible 91 cm Cone	7149488	2223.0	2428.0	1631.0
Tree Transplanter Convertible 111 cm Cone	7149491	2162.0	2162.0	1631.0
Tree Transplanter Convertible 81 cm Modified	7149442	1930.0	1930.0	1491.0

Tree Transplanter Convertible 111 cm Modified	7149306	4	75.0-110.0	900.0-1100.0	260.0-530.0

Main features

- Overlapping blades ensure clean root cutting and support of the root ball
- Two types of blades are available to best suit your particular tree root and soil condition. The cone type, with a 30° angle, preferred for hard or sandy soils and lighter ball weight and the modified blade, the most popular, has an angle of 25°. It offers a larger tree ball for better root protection
- 3 tree transplanter models are available to best fit your machine and tree transplant requirements ¹
- The swing-open gate with open frame design gives you easy access to the tree
- All-electric control from the operator's seat for added comfort

Applications

- Agriculture
- Forestry
- Landscaping

1. Note: Convertible tree transplanters can be equipped with either a pendant-style (rocker switch) control panel or a 7-pin ACD control kit. Tree transplanters with pendant control can be installed on all Bobcat loader series; tree transplanters with 7-pin ACD control must be installed on G-Series and more recent loaders. You must order a pendant control kit or 7-pin ACD conversion kit for all tree transplanters with convertible control.
